

Looking to make your content accessible and engaging?

STATE-OF-THE-ART TEXT-TO-SPEECH SOLUTIONS, MAKING ONLINE CONTENT APPEALING AND AVAILABLE TO AS MANY READERS AS POSSIBLE

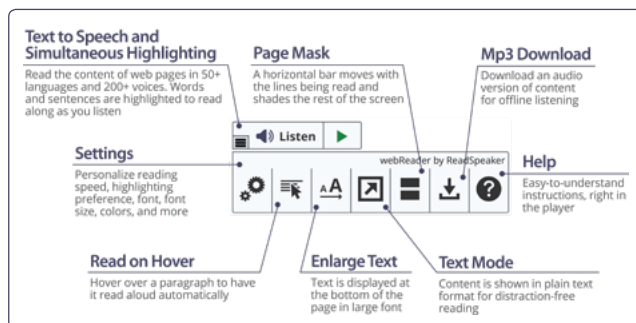

EXTEND THE REACH OF ONLINE CONTENT by allowing users to **LISTEN** as they follow along with the highlighted text.

Ensuring that content supports all reading styles and is accessible for ALL users, as well as engaging, is essential in today's online environment.

But how can your organization leverage text-to-speech technology easily and cost-effectively?

ReadSpeaker Technology extends the reach of online content by instantly creating an audio version. Our cloud-based solutions are customizable and easy to integrate, giving users easy online access, anytime, anywhere, and on any device. And our expert customer support team will make the process effortless.

Make your business or organization more competitive, while helping to address legal requirements and assisting ALL types of readers to engage with your content.

- ✓ 50+ Languages, 200+ High-Quality, Natural Sounding Voices
- ✓ Easy to Use
- ✓ Accessibility
- ✓ User Engagement
- ✓ Meets WCAG AA Requirements

With our easy integration it takes most of our clients just a **SHORT TIME TO IMPLEMENT**.

And our **EXCELLENT CUSTOMER SUPPORT** is here if you need any additional help.

“The ReadSpeaker® software is ideal for online visitors with reading handicaps such as dyslexia or anyone who prefers to have information read aloud. ReadSpeaker also makes our website more accessible to a larger audience, some of whom may not have any other source for online health information.”

Neil Izenberg, MD, founder and editor-in-chief, www.kidshealth.org

Listen to an audio version of any written content while following along with the highlighted text. **Request a free demo at www.readspeaker.com**

100% cloud-based means no downloads and access on THE MOVE, at WORK, at SCHOOL, at HOME, and on ANY DEVICE.

ReadSpeaker webReader
